**GOVERNMENTAL  
ATTACKS**

The image shows the exterior of a Marriott hotel building. The building has a modern design with a dark blue lower section and a light grey upper section. A large, stylized pink 'M' logo is mounted on the dark blue wall, with the word 'MARRIOTT' in white capital letters below it. The entrance is covered by a dark, cantilevered canopy supported by several dark columns. A man in a dark suit is standing near the entrance. In the background, there is another building with a curved facade and many windows. The foreground is paved with reddish-brown bricks and has some greenery, including a small tree and a hedge.

# North Korea funds weapons program with stolen cryptocurrency, U.N. report claims

North Korea has been using cyberattacks on banks and cryptocurrency exchanges to steal an estimated \$2 billion, a U.N. report claims.

North Korea did not respond to Reuters' request for comment.

# CYBER THREAT LANDSCAPE FOR THE FINANCE SECTOR

July 2019

A realistic Earth from space, showing continents and clouds, set against a dark starry background with a bright star in the upper right. The text 'ARMS RACE' is overlaid on the Earth.
